A & A dry cabinets are made to have a great quality at entry-level models while maintaining all the basic functions. The drying unit with high precision guarantees constant low relative humidity for medium to long-term storage. Along with this, oxidation risks associated with long term storage can be avoided. Surfaces are ESD coated to conform with current ESD 61340-5-1 standards.

**FEATURES:**

- 1.0 mm cold-rolled steel, 3.2 mm tempered glass
- ESD safe design (Black Color)/White
- User-friendly humidity and temperature visualization through hygrometer
- Coated and adjustable shelves
- Lockable doors
- Relative humidity 1-99% RH, accuracy±3%
- Removable casters with brakes

**OPTIONS:**

- SMT reel rack
- Additional shelves/drawers
- USB port for data logging
- Alarm Light
- Nitrogen Controller
- Temperature Control

**SPECIFICATION:**

<b>Model</b>	<b>DC C 11/DC B 11/DC A 11/DC D 11</b>
<b>Humidity Range</b>	20-60%/10-20%/1-10%/1-60%RH
<b>Capacity</b>	115 L
<b>External Dimension</b>	W400*D400*H760 mm
<b>Inner Dimension</b>	W398*D375*H685 mm
<b>Shelf</b>	3 PCS

<b>Model</b>	<b>DC C 1/DC B 1/DC A 1/DC D 1</b>
